

The Sudbury, Assabet and Concord Rivers (SuAsCo) watershed Cooperative Invasive Species Management Area (CISMA) is a group of federal, state and local land owners and land managers committed to controlling invasive species within the watershed. The structure of the CISMA is detailed in the SUASCO CISMA Memorandum of Understanding. The CISMA group engages participants in a collaborative effort to share knowledge, expertise and resources as well as to coordinate invasive species management activities within the watershed as outlined in our Invasive Species Management Plan. Both the Memorandum of Understanding and the Invasive Species Management Plan can be found on our website here: http://www.cismasuasco.org/about/organizing-documents

Thank you for your interest in becoming a member of the SuAsCo CISMA! Please take a moment and describe your organization:

Name of organization:						
Type of organization:	Town	State	Federal	Land Trust	Other	
Main Contact information:				,		
		last name		first name		
email address		-	Phone num	ber		
Do you have a mission statement? If so how does it complement the goals of the SuAsCo CISMA?						
Have you been involved with inv	asive plant					
management in the past?	inagement in the past?			Do you have membership?		
yes	no			yes	no	
Do you meet regularly?				Are you a 501	C3?	
yes	no			yes	no	
	_			_		
Do you have a board of directors?			Do you collect dues?			
yes	no			yes	no
